Our strength

Develop your projects thanks to global support !

Since 1991, Manka Créations has been designing and manufacturing cleaning and deodorising products that meet the expectations of the market for hygiene professionals.

● **Expertise
at your service**

Located in the east of France, in Moselle, we market our products throughout Europe. We have more than a hundred compositions, adaptable to your needs.

Our sales team will evaluate your needs and advise you on the development of your ranges to optimise their profitability. The R&D department uses all of its expertise and regulatory knowledge to guarantee the performance and conformity of our products.

The marketing department will assist you in the graphic design of your packaging, in accordance with your graphic charter. The production factory is equipped with 25 machines on more than 2500 m².

This equipment means we can be ultra-flexible ; we can produce small, medium or very large quantities, that are

standardised or customised, providing you with an optimal quality-price ratio.

We deliver all over Europe, either as a complete order or as a dispatch order. And if you don't have enough space to

store the items, we can store them in our warehouse.

Did you know ?

INVESTMENTS IN GREEN PRODUCT DEVELOPMENT

A complete range of **products based on natural ingredients**, that are respectful of the environment.

A CLEAN PRODUCTION SYSTEM

Manka is a partner of Remondis for the **recycling and recovery of waste** generated by its production system.

A COMMITMENT CERTIFIED BY THIRD-PARTY ORGANISATIONS

Manka is ECOCERT certified for its liquid/powder filling line and IFS HPC with a score of 93%.

SHORT CIRCUITS FOR A REDUCED CARBON FOOTPRINT

Supply and subcontracting in the **immediate vicinity** Grand Est region or **bordering European countries**.

Green range

We are committed to providing products that meet your customers' eco-responsible expectations.

NEW

ENZY'STICK

ENZYMATIC PIPE MAINTENANCE
Stick of natural origin

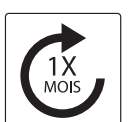

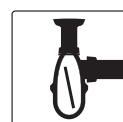

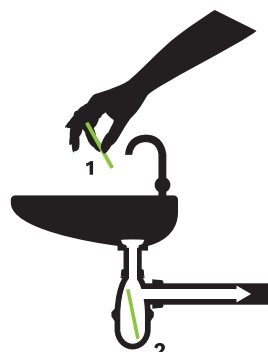

Ideal for the maintenance of water drains. The product breaks down food residues as well as grease in the drains. Prevents clogging and bad odours in the kitchen and bathroom. It is made up of bacteria and non-pathogenic enzymes. 100% ecological, without chemicals.

STRENGTHS

- Simple and effective.
- 100% biodegradable.

Packaging :
Box x 240 sticks MAN807450
Container x 50 sticks MAN450000
Container x 100 sticks MAN450001

ENZYMATIC PIPE MAINTENANCE

Biological treatment of pipes

Highly concentrated organic composition, based on materials of natural and renewable origin. Breaks down clumps to facilitate their flow through the pipes. Effective immediately.

STRENGTHS

- Breakdown of grease and dirt in non-adherent form.
- Eliminates the sources of bad odours.
- Promotes the bio-purification of waste water or waste water treatment plants and does not alter the pH.

Packaging :
1 L Container MAN250302
5 L Container MAN807450

ENZYMATIC CLEANER AND ODOUR NEUTRALISER

For hard and textile surfaces

Highly concentrated organic composition, based on materials of natural and renewable origin. Instant and long-lasting odour neutraliser. Scent: powerful mentholated odour.

STRENGTHS

- Breakdown of grease and dirt in non-adherent form.
- Eliminates the sources of bad odours.
- Promotes the bio-purification of waste water or waste water treatment plants and does not alter the pH.
- Available ready to use.

Packaging :
500 ml Container MAN250300
5 L Container MAN801206

ENZYMATIC MULTI-SURFACE CLEANER

For hard surfaces

Highly concentrated solution rich in easily biodegradable enzymes and surfactants. Reduces the risk of clogged pipes and drains and limits the clogging of grease traps.

STRENGTHS

- Breakdown of grease and dirt in non-adherent form.
- Effective right down to the smallest nooks and crannies.
- Promotes the bio-purification of waste water or waste water treatment plants and does not alter the pH.
- Available in ready to use (spray bottle) and concentrated formula (5L container).

Packaging :
500 ml Container - Ready to use MAN102300
5 L Container - Concentrate formula MAN801205

ENZYMATIC URINAL TABLETS

Bio-cleaning

Biodegradable. Reduces the risk of blocked drains thanks to its cleaning, dispersing and anti-scale functions. Neutral, non-caustic, non-corrosive. Pleasantly fragrant with green freshness.

STRENGTHS

- No chlorine, bleach or paradichlorobenzene.
- Long lasting, progressive dissolution with each use of the urinal.

Packaging :
• Box x 6 Blister of 15 tablets

Blister x 15 tablets of 11g MAN808100

SOLIDIFIER FOR USED FRYING OIL

Flakes of natural plant origin

M'Planet Solidifier for frying oil is made of 100% plant-based flakes. The flakes make it possible to dispose of used frying oil cleanly, without the need for treatment. 1 dose bag solidifies 2 to 3 litres of used oil.

STRENGTHS

- Practical: the oil is transformed into a jelly-like block that can be disposed of in household waste.
- Chemical-free.

Packaging :
BULK Sachet x 90 g MAN10137

FRIG'AIR MAXI A50

Odour and moisture absorber for refrigerators

Dries and refreshes the air in your refrigerator by absorbing over 80% of food odours. In this way, it increases the preservation of food, which retains its full flavour and aroma.

STRENGTHS

- Natural activated carbon, very high absorbency.
- 100% natural mineral granules.
- Economical: 1 sachet is effective for 3 months.

Packaging :
Bulk refill bag x 50 g MAN808100
Printed box + 1 refill box containing 1 refill x 50 g
MAN803641

FRIG'AIR MAXI P70

Special refrigerator fruit and vegetable tray

Preserves the freshness and flavour of fruit and vegetables. FRIG'AIR® is made of 100% volcanic rock, zeolite, an excellent odour and humidity absorber and a powerful neutraliser of ethylene gas produced by fruit and vegetables. FRIG'AIR® thus naturally preserves the freshness and flavour of fruit and vegetables for longer.

STRENGTHS

- 100% natural.
- Very high absorbency.
- Economical: 1 sachet is effective for 3 months.

Packaging :
Bulk refill bag x 70 g MAN808101
Printed box + 1 refill box containing 1 refill x 70 g
MAN803642

UNIVERSAL DESCALER - FRUIT ACIDS

Small appliance cleaner

Easily and safely dissolves limescale. Compatible with irons, coffee makers, kettles, espresso machines, etc.

STRENGTHS

- Prevents breakdowns caused by scaling of machines.
- Versatile: compatible with many household appliances.

Packaging :
250 ml measuring bottle MAN55201
BULK Sachet x 25 g MAN55000
BULK White neutral sachet 150 g MAN55510

PUMICE STONES

UNIVERSAL MULTI-SURFACE CLEANER

"Floral" scent

2 in 1: The Pumice Stone is used for silver, copper, chrome, stainless steel, pewter, aluminium, acrylic, glass ceramics, tiles, etc. Ideal for PVC of garden furniture, shutters, windows, verandas, etc. It can also be used to clean sports shoes, barbecue grills, bathrooms, aluminium car rims, boats, caravans, etc.

STRENGTHS

- Highly active.
- Triple action: cleans, protects and polishes.

Packaging :
500 g Tub + sponge MAN700500

DEODORANT GRANULES FOR VACUUM CLEANERS

Essential Oils Mixture Scent

Pleasantly scents the interior during vacuuming. The corn cobs are infused with a perfume composition. Easy to use: pour the granules on the floor and vacuum them up or place the bag directly in the bag.

STRENGTHS

- 100% vegetable granules (corn cob) infused with perfume.
- Effective and easy to implement.
- Very fragrant.

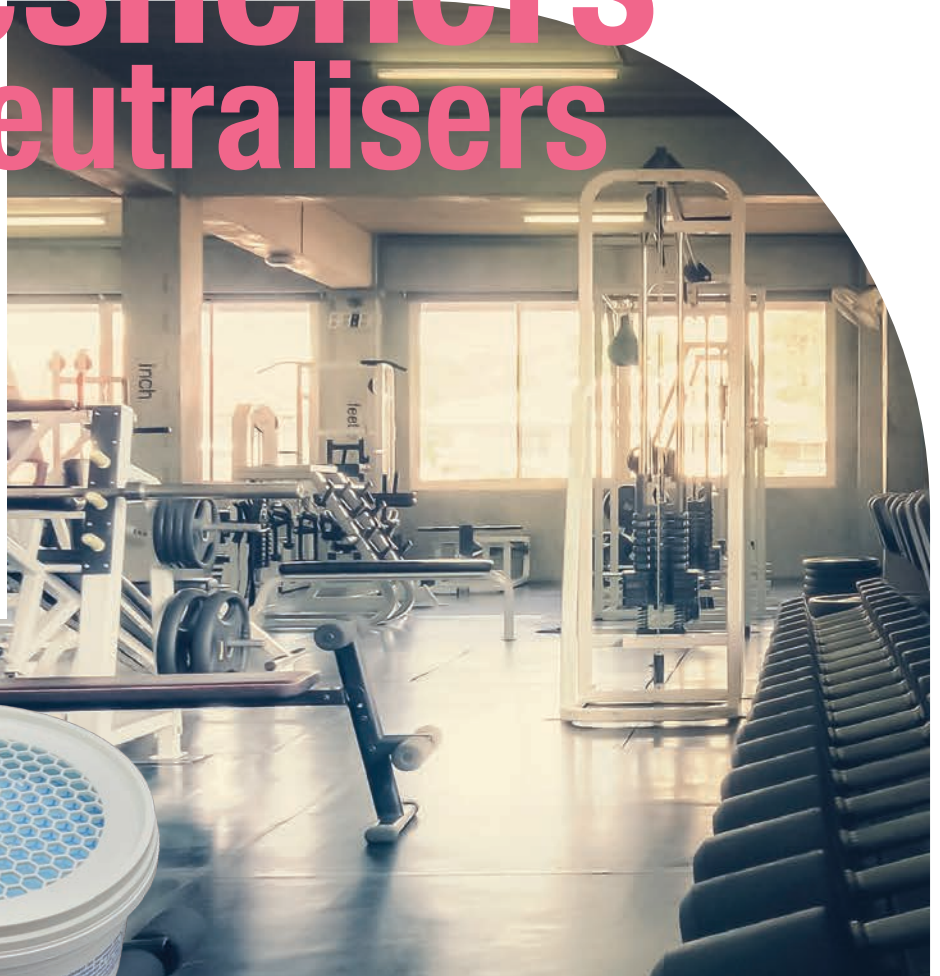

Packaging :
260 g bottle MAN23303
Lemon Sandalwood MAN23301
Mint Eucalyptus MAN23302
Box x 25 sachets x 10 g MAN804202

Range of Air fresheners odour neutralisers

Our practical, elegant products, with elaborate and original scents, meet your customers' expectations for treating odour nuisance and deodorising.

ODOUR NEUTRALISERS

SCLEAN'AIR

Odour Neutraliser and Air Freshener Gel

Sclean'Air neutralises bad odours. Works by evaporation, diffusing its natural active agents into the air. Thanks to its patented honeycomb grid, it has a permanent and regular long-lasting action.

LES POINTS FORTS

- Equipped with a lid and a grid: safe handling.
- Simple and effective use.
- Very long-lasting.
- Wall bracket available for easy mounting at height.

Conditionnement :

- Box x 18 tubs
